JAMIA ISLAMIA MASJID & COMMUNITY CENTRE PROJECT
TOTAL COST OF THE FULL/COMPLETED PROJECT IS ENVISAGED TO BE £1.5 MILLION

1. The Project

For some time now the Islamic Academy has been trying to commence the construction of a Masjid and Community Centre for the Longsight and immediate surrounding areas of Manchester

There are no main Masjid facilities in the immediate area which is unfortunate as there are now more than 1,000 Muslim families living in the Longsight area. Many have no transport and have to walk to the nearest Masjid. This also prevents the local Masaajid acting as proper meeting places and Community Centres.

3. The Site & its history

The site was purchased by the Islamic Academy in 1997. Plans were drawn up and a steel frame put in place in 2001. Since then, funding and finding an appropriate contractor has been very difficult. The contractors have now been appointed and are well on the way to completing the shell of the building. Therefore we are now in desperate need of funds to ensure that the project can be completed on schedule. We are currently expecting to have the external phase completed by July 2007 and the internal fit-out phase can then commence and be completed, insha' Allah, by December 2007.

2. Our Vision

Our Vision is to create something which is more than just a traditional Masjid—we want to re-create what a Masjid was originally— a focus, a meeting place, a prayer place, a place where the community gathers for spiritual, academic and social education and events— in fact a place of our own for our Muslim Community.

We plan to establish a multi-use facility catering for all sections and needs of the Muslim Community. As the planning permission has been granted for a Masjid with a very large capacity (approximately 2,000 persons can stand in prayer over 3 floors) we plan to include the following : facilities and activities:

- A Masjid
- A Community Centre
- A Day Centre for the Elderly
- A Library, Study classes & Madrasah
- A Meeting /Activity Centre for women/girls
- Recreational facilities for children
- Sports facilities for our youth
- A Resource Centre on Islam for schools and colleges in the area
- Funeral Wash room for dead bodies & mortuary facilities.

4. What do we do

We hold a number of annual events mainly for the Muslim Community and have significant positive interaction with the Non-Muslim Community as well.

Events include ●Tarawih prayer, currently held at temporary premises on site ●Bi-monthly social events and talks on Islam ●Eid parties and collective Iftars ●We have had numerous open days for Non-Muslims, some attended by the local MPs, councillors and dignitaries as well as Church leaders and members of the wider community at large●Study circles and Quranic Education for children

Currently the costs of running all these activities has been met by donations from the trustees themselves.
